

ScriptPro

Robot Family Album

CRS—Born in 2011. Meet the youngest in the ScriptPro Robot family. Compact Robotic System has 75 cells in a tiny 7 sq. ft. footprint.

SP 200—Born in 1994. Loves to work for you—even 24 hours a day. Fills up to 75% of your volume. Winner of numerous technology awards.

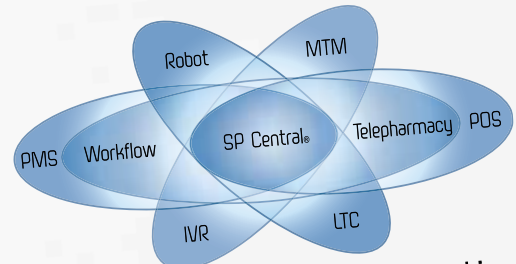

SP 100—Born in 2003. Smaller—fits in tight spots. Fills up to 65% of your volume. Customer Service takes good care of this small robot.

SP 50—Born in 2006. A Robot Starter Kit for low volume pharmacies. Handles up to 40% of your volume. Also great for narcotics vaults.

Thousands of pharmacies worldwide have adopted a robot from the ScriptPro family of products.
