

2012 Tax Saving on Telepharmacy for Sterile Room Medication Preparation

Consult your tax advisor about a possible carryback or carryforward of tax savings.

ScriptPro's SP Central Telepharmacy for Sterile Room Medication Preparation makes verifying medications prepared in a sterile room safer and more efficient. Pharmacists can remotely verify activities that occur in the medication preparation room.

Now is the time to upgrade your pharmacy with ScriptPro automation. You may qualify for important tax deductions, up to \$139,000 under Section 179—allowing you to save big on capital equipment placed in service in 2012.
