

# 2012 Tax Savings on SP Central Telepharmacy

Consult your tax advisor about a possible  
carryback or carryforward of tax savings.

ScriptPro's SP Central Telepharmacy enables pharmacies to conduct high-quality, safe, and efficient telepharmacy operations. Real-time video/audio/data connections allow pharmacists at a central pharmacy to oversee the entire dispensing process at a remote location.

Now is the time to upgrade your pharmacy with ScriptPro automation. You may qualify for important tax deductions, up to \$139,000 under Section 179—allowing you to save big on capital equipment placed in service in 2012.
