

Perfect Integration Benefits Health Center Pharmacy

ScriptPro® Perfect Integration.

“Perfect Integration”—all the technology you need to run your pharmacy.

Thousands of pharmacies rely on the SP 200 Robotic Prescription Dispensing System to improve patient safety.

“We operate a clinic pharmacy connected to a community health center, but we are also open for retail customers.

‘submit’ for adjudication, you know in three seconds if it is rejected or accepted by insurance and the reason if rejected.

“We looked at ScriptPro’s Perfect Integration model because we wanted our pharmacy to operate on one platform. The pharmacy management system we used in the past was antiquated and had to be manipulated to get results. With ScriptPro, it is integrated with the rest of their products so we don’t have the issue of the systems not communicating.

“Another advantage with ScriptPro automation is that our doctors can use electronic prescribing. If the doctor doesn’t know the correct strength and quantity combination of a drug, the pharmacist can correct the quantity to match the strength without additional phone calls back to the doctor.

“There are features in the ScriptPro system that save us a significant amount of time. For example, when entering a prescription, ScriptPro pulls up all of a patient’s information for the prescription so we don’t have to enter patient information each time a prescription for that patient comes across. When a prescription goes to the fill process, it is routed automatically to the correct filling station—robot or manual. When you hit

“Tracking the four separate inventories we use is simpler with our ScriptPro system because it tracks and electronically separates each inventory.

“One of the best things about ScriptPro is the customer service. ScriptPro has the best people that I have ever worked with.”

Mark Todd, Assistant Pharmacy Director/Tech Admin

**Central Oklahoma
Family Medical Center**
Customer Since 2003
Pharmacy Type: Clinic and Retail
Prescription Volume: 480 per day
Location: Konawa, OK
